# CAMPBELL HOUSE & HERMISTON HOUSE

## LOCATION

The subjects are situated in Newhouse, North Lanarkshire, located 16 miles east of Glasgow and 31 miles west of Edinburgh. Newhouse is a key road interchange in Central Scotland linking the M8 motorway with the A8 dual carriageway.

The subjects benefit from access to excellent road connections, being situated at the newly constructed junction of the M8 motorway link project, providing access to the rest of the central Scotland road network.

## DESCRIPTION

The buildings comprise of two separate two-storey modern office pavilions, arranged over ground and first floor levels. The subjects are contained within a 4.58 acre site, with a substantial area currently undeveloped.

## CAMPBELL HOUSE

Constructed in 2001, Campbell House consists of two separate wings arranged over ground and first floor levels. The building has recently been refurbished to a high standard including LED lighting, new carpet and floor coverings throughout and new toilets and kitchen facilities. There is a raised access floor throughout the office areas and the building is heated by energy efficient gas central heating system. The office floors can be subdivided into a number of smaller office suites. The building also includes a lift with access from the central core.

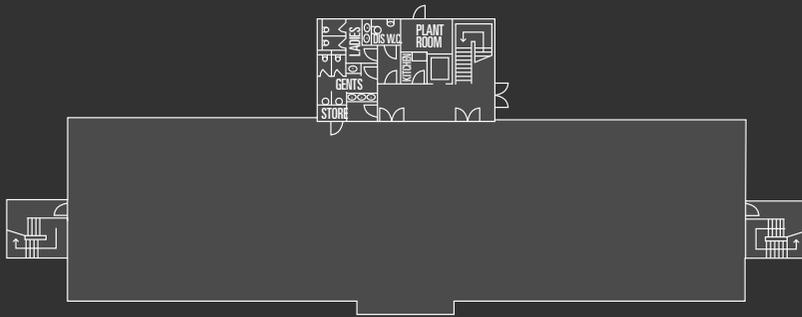

## HERMISTON HOUSE

Hermiston House was constructed in 2007. The office has been recently refurbished to a high standard including LED lighting, new carpet and new toilet and kitchen facilities. There is a raised accessed floor system and the building is heated by way of an energy efficient gas central heating system. The building also includes a lift with access from the central core.
